**Instructions for Completing the Notice of Termination Form
For the Baseline General Permit to Discharge Storm Water Associated with
Industrial Activity**

This is an instruction document for preparing a Notice of Termination (NOT) for coverage under the Baseline General Permit for the discharge of storm water associated with industrial activity.

Where the operator of a facility has ceased operations and no “significant materials” remain on-site and exposed to stormwater, the permittee(s) shall submit a NOT to the Department of Ecology.

Instructions for Completing the Notice of Termination Form

Please complete the document by printing or typing the information in ink.

1. Permit Number	Post the permit number shown in the upper right hand corner of your permit.
2. End Date	Date the facility ceased operations and no longer had any significant materials remaining on-site and exposed to stormwater.
3. Facility Location (Section I)	Print the facility’s official or legal name and provide the street address (including the county) for the facility. This information may or may not be the same information requested in Section I. Facilities that do not have a street address must provide a legal description in the space provided.
4. Billing Address (Section II)	Indicate where the final fee invoice should be sent.
5. Justification for Termination (Section III)	Briefly explain why you are seeking termination of your stormwater permit. You may want to include a transmittal letter explaining the reasons for termination
6. Industrial Area	Provide area in acres where industrial activity occurred.
7. Receiving Waters	Provide named and unnamed receiving waters where stormwater discharged to (include storm drains that discharge to a receiving water).
8. Certification of Permittee(s) (Section IV)	This statement should be read carefully by the permittee(s). The responsible official or authorized representative of the operator (and owner, if the owner has co-permittee status) shall print their names for clarity, then sign and date the document on the lines provided. Refer to General Condition G20, in the permit for signatory requirements.

Address to Submit the Notice of Termination

All Notices of Termination are to be sent, using the NOT form provided in Appendix 2 of the permit, to the following address:

Department of Ecology
Industrial Storm Water Unit
PO Box 47696
Olympia, WA 98504-7696

Note: Confirmation of termination requests will be sent in 30 days from date of receipt.
